IBM CLOUD DASHBOARD

The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes a search bar, navigation links for 'Catalog', 'Manage', and 'Arulkumaran R's Account', and a 'Create resource' button. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (10 min), 'Use Cloud Foundry' (10 min), 'Explore IBM Cloud Shell' (2 min), 'Create and deploy an application' (5 min), 'Visit the IBM Cloud catalog' (1 min), and 'Build a Watson' (1 min). Below this, there are sections for 'User access', 'News' (highlighting 'WebSphere Application Server Support Restatement' and 'IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco'), and 'Planned maintenance'. The bottom of the image shows a Windows taskbar with various application icons and system status indicators like temperature and time.
